

Dear County Contacts
Please forward to all your U3As:

Attached is the Resolution for the dissolution of the Association of East Midlands U3As and the Regional Representative Council as well as a table showing the results from all U3As in the Region in the recent poll. The RRC met for the final meeting on March 1st and formally accepted the attached resolution. Should anyone want any further information, please let me know.

Please note that this does not dissolve the region and we still have our Regional Trustee. The meeting then went on to discuss how the region could move forward and after much discussion there was a very positive outcome with various ideas for events being put forward to be explored which will include workshops. We would welcome any ideas from the Networks and Neighbourhood Groups.

We will still have an annual conference (but will no longer require an AGM) and one is in the planning stages for late September/October in Leicestershire and Rutland.

Kind regards
Stephne Tewson
On behalf of the Region
